PostBase™
pro DS

Mailing made **easy.**

PostBase™
pro DS

reddot design award

PostBase pro is more than the next generation of PostBase – it's an uncompromising vision of professional mailing for the modern mailroom. It makes even complex mailing processes as natural as touching, loading, and sitting back. And whether your mailing needs grow or shrink, the pro processes variable volumes of mail allowing it to adapt to your ever-changing needs. The PostBase pro is easier, more automated, and has the most secure engineering than anything that's come before. In a word, ease.

lroom like a **pro.**

The Ease of One Button
One button and your PostBase is ready to go. Turn it on and let it run mixed sizes and weights of mail automatically.

High Speed Weighing
The dynamic scale recognizes envelope size and shape on-the-fly. The PostBase pro can process up to 90 letters per minute of mixed mail.

EZ Tilt Touchscreen
Large color touchscreen easily adjusts to six ergonomically optimal positions allowing you to stand comfortably and still easily see the screen.

Anti-Skew Rollers
With the anti-skew rollers you can drop your mail in and not worry if it is perfectly aligned. The pro aligns the mail to prevent stoppages.

Seal Check Sensor
The PostBase pro checks every envelope flap that goes through the sealer ensuring security and confidentiality.

Differential Weighing
Place a stack of mail on the scale and send them though one at a time. PostBase pro calculates the postage for each piece.

Stack & Go Feeder

Stack mail into the hopper and let PostBase pro do the rest. Just put your largest envelopes on the bottom.

Anti-Skew Rollers

PostBase pro has anti-skew rollers that help make sure your mail enters the machine straight.

Sealer

The PostBase pro features a built-in validation sensor which ensures each envelope is sealed for added security.

Dynamic Scale

The PostBase pro dynamic scale accurately rates your mail based on weight and shape.

Why **pro?**

Easy
The key to the pro experience is the stack-and-go feature. It allows you to simply place mail in the feeder and the pro mailing system will do the rest.

Automatic
With the push of a button your PostBase pro is ready to go. The automatic start feature lets you start running mail quickly while the anti-skew rollers automatically straightens your mail.

Secure
The PostBase pro is one of the first USPS® IMI-Compliant meters in the market. The Pro features a seal check sensor, which ensures each envelope is sealed for added security and confidentiality.

Engineering
The PostBase pro unites high-tech capabilities with a modern, award-winning design. This German engineered machine features an all new, modular design which allows maximum throughput.

Dispenser
t-in label dispenser makes thicker mail and packages ent. Weigh the package on e and press print label.

Color Touch Screen
The Post Base pro has a large touchscreen display that is adjustable to 6 positions for comfortability and ease of sight.

Scale
The scale provides precision weighing for thick letters or small packages up to 15 pounds.

Supercharge your **PostBase** with

MailOne™

Enjoy huge savings on postage costs with MailOne Commercial Base Pricing.

MailOne 2.0 software is the ultimate tool to monitor, manage, track and reduce your postal expenditures

Take a step up with a **pro.**

PostBase pro is the
perfect complement to your professional
office. As your mail grows, you need a postage meter that
is tailored to your specific mailing needs. The PostBase pro can be adapted to
your ever-changing needs at any time. PostBase pro is the smart choice for any mailroom that
processes variable volumes of mail.

Never Fold and Stuff Another Envelope Again

Manually collating, folding and stuffing letters, invoices, brochures and other mail pieces can be extremely tedious and time consuming. Folding-inserting equipment automates this process by providing an efficient and cost-effective way to prepare materials for mailing.

Stable Base for Your PostBase™

FP™ Mail Equipment Furniture is designed to not only turn heads, but provide superior protection for FP machines.
Our engineers worked with Hamilton Sorter to create a line of furniture that increases the lifespan of your FPMailing machines by preventing sagging and vibrations that can damage heavy mailroom equipment.

Hold More Finished Envelopes with the High-Capacity Catch Tray

This add on can increase the catch tray capacity up to 350 finished envelopes, and reduces the amount of unloading. This piece is designed to fit onto any mailroom table and hang off the right side.
 The fully-adjustable leg is designed to stabilize the catch tray and support the weight of the finished mail.
